DREAMER gift box

Dreamer Gift/Candy Box

www.ScrapbookWorkshoppe.com

Directions:

1. Let's get the elements ready. Cut apart the quotes. Ink the edges with black ink. Also trim and ink the edges of the "Anything is possible" strip. Trim it to measure $6\frac{1}{4}$ inches.

2. Score your black piece 4 inches from the opposite end of the scored mark that is already done. Now this piece should have a $\frac{5}{8}$ of an inch section down the middle. Score the second black piece on all four sides at $\frac{1}{2}$ inch.

3. Glue the flower layers together, alternating the petals so they do not overlap. Add the glass bobble to the middle of the flower.

4. Put pop dots on the backside of the quote strips.

5. Get ready to cover the two panels of the black cover with paper. Add the ribbon before adding the paper. This paper is double sided so you can choose which side you want.

6. To make the box, make two snips in each end of the black piece that is scored $\frac{1}{2}$ inch on all edges. Snip from the edge and stop when you get to the score that crosses over it.

These will be tabs that glue to the inside of each end of the box.

7. Make the box. Fold on all the scored lines. Glue the tabs to the inside of the box. Add the patterned paper to the bottom.

8. Add the box to the inside bottom panel. Add the "Anything is possible" strip by scoring it at ½ inch on each end. Glue the ½ section to the outside of each end of the box. Add the feather.

9. Add the flower, feathers and quote strips to the top outside panel.

10. Fill with candy or tissue wrapped gift cards. Give to someone that's important to you!
