All of the current items may be purchased on my Close To My Heart website at: www.tonyasheridan.ctmh.com.

Photo sizes: (3) 2" x 2", (2) 3" x 4" horizontal

Pre-paring to create the layout.

Splatter both sheets of White Daisy cardstock with the Sapphire Shimmer Brush. To accomplish this, hold the Shimmer Brush over the cardstock and gently tap the brush over the paper creating a splattering effect. Allow about 20 minutes to dry. Note: Because of the nature of this technique, no two pieces will be alike.

To create the left page:

1. Center, and position, the tic-tac-toe Sapphire overlay to the base.
2. Adhere the six Blue Belle cs squares into position as shown, or as desired. Moving left to right:
 - row 1:** **space 1:** the square is slightly to the left of the overlay. **space 2:** the square is about 1/4 inch to the right & above the overlay. **space 3:** no square.
 - row 2:** **space 1:** The overlay is 1/8" to the left and 1/4" above the overlay. **space 2:** no square. **space 3:** the square is 1/8" to the right & above the overlay.
 - row 3:** **space 1:** no square. **space 2:** the "you" stamped square is 1/4" below the overlay and centered horizontally within the space. **space 3:** the stamped "are my favorite part of me" square is 1/8" to the right of the overlay and positioned where the sentiment will nest inside the circle.
3. Adhere the tic-tac-toe overlay to the base as originally positioned.
4. Adhere the glitter hearts and circles to the overlay directly over their spaces. The Blue Belle large heart is adhered in the upper right heart and lower left heart. The Blue Belle circle is adhered to the second row circle and the Sapphire to the third row circle. The solid Blue Belle heart is adhered to the center heart with the Sapphire heart outline adhered on top of the Blue Belle solid one. Note: when adhering glitter to glitter, Mini-Glue Dots work well.
5. Moving left to right and beginning at the top row:
 - a. Adhere the Sapphire Glitter small outline heart to the solid corresponding Blue Belle Glitter Heart. Adhere the combined heart of the Sapphire cs arrow and adhere to the bottom of the square with the tail of the arrow extending to the left of the square. Adhere a Blue Belle glitter pennant to the upper left corner of the square and a White Flower Sequin to the right of the pennant.
 - b. Adhere a 2" x 2" photo to the left and upward of the square with Thin Foam Tape. Wrap a piece of Sapphire Embellishing Thread around the combined mat & photo and tack to the back with a Mini-Glue Dot.
 - c. Adhere two of the baby Sapphire Glitter hearts around the Blue Belle Glitter Heart. One is inside in the upper left curvature and the other is outside of the lower right curvature.
 - d. Adhere a 2" x 2" photo with Thin Foam tape. This extends slightly above the mat.
 - e. Adhere a White Flower Sequin to the upper curvature of the Sapphire Heart outline using a Mini-Glue Dot.
 - f. Gently lift the edge of the Blue Belle circle and tie a piece of Sapphire Embellishing Thread around the right upper curvature. Tie a knot to the front. Adhere a baby Sapphire heart inside the upper left curvature of the circle.
 - g. Adhere the Sapphire Glitter small outline heart directly to the center of the Blue Belle Glitter Heart.
 - h. Adhere the small Blue Belle Glitter heart underneath the stamped "you". Create a "dot, dot, dot" with Loose Sequins to the right of the heart. Adhere a 2" x 2" photo under the heart and extending below the mat with Thin Foam Tape.
 - i. Nothing additional is done to this square.
6. Adhere Blue Belle Loose Sequins and Glitter Gems as desired around base with Mini-Glue Dots.

To create the right page:

1. Adhere the Sapphire Glitter banner to the Blue Belle cs banner. Adhere in the upper right corner of the base.
2. Adhere the Blue Belle large heart mat to the base as desired.
3. Adhere 3" x 4" photos to the Blue Belle mat.
4. Adhere the two scalloped Sapphire cs pieces to the foundation of the mat where specified.
5. Adhere the Sapphire title "Love you with my whole heart" to its corresponding Blue Belle cs mat. Adhere combined piece with Thin Foam Tape to the upper left corner of the mat at a slight angle.
6. Adhere two small glitter hearts (one Blue Belle and one Sapphire) to the lower corner of the Blue Belle mat where the two photos meet. This can be flat or with Thin Foam Tape.
7. Adhere the large, and medium Blue Belle and Sapphire Glitter hearts to the Blue Belle cs mat. The large Sapphire is on the upper part of the mat, the large Blue Belle is in the lower right corner and the medium Blue Belle is in the lower left corner.
8. Adhere the White Daisy stamped & stitched tag over the lower right corner with Thin Foam Tape. This overlaps the bottom of the Blue Belle Glitter heart slightly.
9. Adhere a Blue Belle Glitter pennant over the upper right corner of the right photo.
10. Adhere a White Flower Sequin to the upper right curvature of the Sapphire heart with a Mini-Glue Dot.
11. Wrap a piece of Sapphire Embellishing Thread around the center of the Blue Belle Glitter Arrow and secure to the back with a mini-glue dot. Adhere the combined piece above the upper right edge of the Blue Belle photo mat.
12. Adhere Blue Belle Loose Sequins and Glitter Gems as desired around the base with Mini-Glue Dots.

Although not included in the kit, an optional idea to be able to add additional photographs would be to add 2" flip flaps to the photos on the left page. These would be adhered to the outside of the page protector overlapping the 2" x 2" photos.
